

Each student will have one chapter to develop, beginning with chapter 1, "Un peu d'Histoire" and finishing with chapter 9, "Une Sanglante Revolution". The list of chapters will be given in class and you will choose the one you will want to work on. (As each chapter is presented, I will give you a chapter outline in French in addition to the vocabulary that needs to be studied. I will also cover the grammar in each chapter).

You must prepare a Power Point Presentation which will be delivered to the class. This presentation will be in French summarizing the important events that transpired in your chapter.

Make sure that your summary will be understandable and clear so that your fellow students will know in a general sense what happened at the time. Also, include some pertinent images and photos that indicate the points you are mentioning. (You may include those from the text or other research sites, but make sure that they are enlarged for detail.) Please state why these images are important and how they influenced the times.

Include the time line that's in the text.

For the most part, the bulk of the project should be ready by the time we return in August.

I will be collecting ALL projects by October 1st so I can look them over and make comments and suggestions.

This will count as a MAJOR TEST GRADE.

Si vous avez des questions, envoyez-moi un email.

Bonnes Vacances!!!
